Developing Tactile Skills with Students who are Visually Impaired Series

### **TaME: Tactile Map Editor**

Saturday, March 24, 2012

The workshop will introduce participants to freely downloadable software that allows the design and production of tactile maps and other graphics. The software includes drag-and-drop map symbols that have been field tested for 3 years. The software is designed for users with some computer experience but no graphic design or mapping experience.

The workshop, software, and materials are supported by grants from the National Science Foundation NSF-HRD #0928074, #0533251.
