Every year Perkins School for the Blind transforms lives on our campus and around the globe. That work, built of our mission, includes providing materials to help people live to their fullest.

Perkins offers products and resources to people who are visually impaired, deafblind or visually impaired with or without additional disabilities, and to their families, educators and other professionals.

The Perkins Brailier® is the pencil and paper for people who are blind. Perkins' other products and accessories are equally indispensable. The Perkins Panda® and publications help parents and teachers working with children who are blind, deafblind or have multiple disabilities. Talking book products enhance the enjoyment of listening to your favorite books.

We hope you enjoy the new Perkins product brochure and visit our online store at www.PerkinsStore.org. We are your resource. We'd like to hear how you think we're doing.
