VISTAS Education Partners Inc.

In response to the wave of K through 12 school closures across the United States due to COVID-19, a few concerned teachers of the blind and advocates got together to organize a free, homework help hotline for blind/visually impaired students. Check out the details below, and share with others.

National Homework Hotline for Blind/Visually Impaired Students (NHH-BVI)

What: Homework telephone hotline for blind/vision impaired students in grades K-12 experiencing emergency school closures due to COVID-19.

Areas of hotline help include: navigating accessible websites with JAWS, Nemeth and literary braille reading and writing, navigating tablet/laptop using JAWS and Over, and using refreshable braille display.

The hotline does not provide tutoring in non-Expanded Core Curriculum content areas.

When: Tues -Thurs, 3:30pm - 8pm EST, March 17- April 16, 2020 (End date may be adjusted based on school closure developments)

How: Students submit a support request via email and receive a call-back during the designated NHH-BVI times.

Who: NHH-BVI helpers are experienced TVIs and blind mentors who want to help ensure that blind/vi students can access and complete their remote learning assignments.

For more info, and to request an initial NHH-BVI support call, please email:
NHH-BVI@VistasEducation.com
