Sponsored by Perkins School for the Blind and the Tech Equity and Access in Math (TEAM) Initiative.

Share Your Experiences and Ideas: Complete 2 Surveys!

- **Professional Development Needs of Individuals Supporting Students Who Are Braille Readers in STEM Education**
Help the Project INSPIRE 2 team meet the field's needs by sharing your experiences and letting us know what resources will support your work. TSVIs, paraprofessionals, certified braille transcribers, and braillists in the US are invited to [complete a 10-15 minute survey](#). The survey closes February 28, 2025.
- **Strategies for Teaching Students Who Are Blind to Use Image Descriptions When Paired with Tactile Graphics or Digital Content**
If you're a US TSVI with 3 or more years of experience, tell us about your work with image descriptions/alt text when paired with tactile graphics and digital content. Please [complete our 20-30 minute survey](#). The survey closes February 14, 2025.

Use our free, on-demand professional development courses and student programs!

During the original Project INSPIRE we created resources for you and your students. If you haven't used them, please be our guests. [Visit our site on Paths to Literacy!](#)
